Overview

The City of Madison employs over 2,700 permanent employees. As one of the largest employers in the city, the City of Madison strives to offer its employees a competitive salary and benefits package. The purpose of this handbook is to provide a one-stop reference for the many and varied benefits the City offers. By putting this information in one place, we hope to create an easy resource for employees who have questions about available benefits. In addition, this handbook provides a mechanism for employees who have disputes over terms and conditions of employment to file a grievance. This handbook will be updated periodically to reflect changes to the compensation and/or benefits offered by the City. The handbook is posted on [EmployeeNet](#) and any revisions or updates will be reflected on [EmployeeNet](#) at the appropriate time. Hopefully this handbook is useful but if employees continue to have questions about their benefits, please call the City Human Resources Department at 266-4615 or their Compensation Group Representative.

Equal Employment Opportunity/Non-Discrimination Policy

It is declared to be the public policy of the City of Madison to foster and enforce to the fullest extent the protection by law of the rights of all of its inhabitants to equal opportunity to gainful employment, housing, credit and the use of City facilities and public accommodations without regard to sex, race, religion, non-religion, homelessness, refusal to disclose Social Security Number, gender identity, genetic identity, citizenship status, credit history, unemployment history, victim of domestic abuse, victim of sexual assault, victim of stalking, color, national origin or ancestry, age, handicap/disability, marital status, source of income, arrest record or conviction record, less than honorable discharge, physical appearance, sexual orientation, political beliefs, familial status, or the fact that such person is a student, or the fact that such a person is a member of a domestic partnership.

To fully effectuate this policy of promoting nondiscrimination, the City shall endeavor to eliminate all discrimination that may occur in its own employment, housing, and public accommodation practices and in the use of City facilities. The City of Madison as an employer will not violate federal, state or municipal laws concerning discrimination in employment, nor will the City discriminate against any employee(s) because of affiliation or lack of affiliation with a City-recognized association.

Creation of this Handbook

This handbook was created in cooperation between the City and employee representatives and is meant to provide a general guide for the discussion, application, and enforcement of the provision of benefits to employees within the applicable compensation groups. The existence of this handbook does not create an expressed or implied contract and is not a collectively bargained agreement. This handbook will be modified and updated in cooperation with employee representatives, and approved by the Committee on Employee Relations (CER) and the City Council. This handbook will not override any labor agreement, City Ordinance, Administrative Procedure Memorandum, State or federal law.

Application of this Handbook

This handbook applies to general municipal employees in Compensation Groups 15, 16, 20, 28, 31, 32, 33, 71 and 83. All provisions related to hourly or seasonal employees are outlined in Appendix A. All provisions related to crossing guards are outlined in Appendix B. All provisions regarding stagehands are outlined in Appendix C. Where there is a conflict between the ordinances and the provisions of this handbook, the ordinance language will control. Should a conflict exist between the provision of this handbook and the Personnel Rules, the provisions of this handbook shall apply within the applicable compensation groups.

Employee/Association Representatives

Employees shall have the right, without concern for interference, restraint, coercion or domination, of self-organization. Employees within a compensation group may form, join or assist in the creation and maintenance of one association to represent the compensation group in the procedures set forth in Chapter 3 and Chapter 33 of the Madison General Ordinances.

Compensation group representatives shall not collectively bargain with the City. Compensation group representatives may be required annually by the City, on the first day of May, to demonstrate by a show of membership cards that it has more support than any other association group seeking to represent the employees of a given compensation group. The members of the respective compensation group shall determine the employee representatives for their compensation group.

Employee representatives shall be employees of the City of Madison. Each compensation group shall be allowed one (1) employee representative for every fifty (50) members. The employee representatives will be allowed to post notices, meet with employees for reasonable periods of time to discuss issues and potential grievances, and attend meetings with outside counsel or association representatives for reasonable periods of time while on work time. Employee representatives will do this in such a way as to cause the least disruption within the workplace. In addition, each compensation group will be allowed one (1) employee representative for every 100 members to meet and confer with City representatives at reasonable intervals regarding benefits and working conditions contained in this handbook.

Association representatives may also attend such meetings and conferences at the discretion of an employee representative. Association Representative's may attend meet and confer sessions with the City.

Employee representatives will be allowed up to fifteen (15) unpaid leave days per calendar year to attend educational conferences, classes, or conventions related to their role as employee representatives. Additional unpaid leave days may be authorized by the Human Resources Director. Employee representatives will provide a minimum of seven (7) days advanced notice to their supervisor and will schedule time off in such a way as to cause the least disruption within the workplace.

A copy of all written notices to employees or employee representatives concerning matters related to this handbook, including new job titles or other proposed changes to the compensation groups' composition, shall be sent to association representatives. Association representatives shall copy the

Employee/Labor Relations Manager with any communications to the City concerning matters related to this handbook.

General City Employment

EMPLOYEE DEFINITION

In such cases, employees began to earn double time four (4) hours following the end of their regular workday. There shall be no pyramiding of overtime payments. For Compensation Group 15: CG 15 employees reporting for a call-in assignment shall begin to accrue overtime twenty (20) minutes before they report. Such time shall be included in the two (2) or three (3) hour call-in minimum, provided the employee reports for duty within one (1) hour from the time of the call-in.

TIME USAGE

In Compensation Group 15, for the purpose of calculating pay when an employee uses vacation, compensatory time or sick leave; time shall be calculated by the minute and the employee may use these leave times by the minute.

Leave Provisions

The City of Madison offers a generous leave package, including vacation, paid holidays, sick leave, and other leave. The specific types of leave are described below.

VACATION LEAVE

Employees earn vacation immediately upon starting with the City according to the following schedule:

Continuous Service Time	Full-Time Equivalent Annual Workdays of Vacation
After completion of one (1) year	10
After completion of three (3) years	12-1/2
After completion of seven (7) years	15
After completion of eleven (11) years	17-1/2
After completion of fifteen (15) years	20
After completion of nineteen (19) years	25
After completion of twenty-seven (27) years	27

Employees are not eligible to use vacation time until the completion of their probation period, or in the case of a longer probation period, after six (6) months of employment. However, vacation earned during that time will be prorated and credited to an employee's vacation balance upon completing probation. If an employee serves a probation longer than 6 months, the employee is able to use ½ of their vacation balance after the first six months of employment. Employees who do not serve a probation period are eligible to use vacation time at any time.

Employees receive their entire vacation allocation for the year as of January 1. However, employees actually earn the vacation on a prorated basis with every biweekly pay period. Therefore, if an employee uses vacation and then terminates her/his employment with the City prior to the end of the year, the employee may be responsible for reimbursing the City for any vacation that was used and not earned.

When employees are given their vacation allocation for the year, this takes into account any additional vacation earned due to an employee reaching a new vacation threshold within the upcoming year. The new vacation amount is prorated from the employee's continuous service start date through the end of the year.

Employees can automatically carry over up to ten (10) days of unused vacation from one year to the next. Unused vacation in excess of ten (10) days may only be carried over with the approval of the employee's Department Head and Human Resources Director. Any vacation that is carried over must be used by June 30 of the following year. See APM 2-5 for more details.

Vacation will be scheduled according to the policy established by individual departments. Consistent with custom and practice in an area of the operations, in the event that a conflict in vacation selection occurs, the City will consider the relative general seniority of the affected employees in deciding the assignment of vacation.

Subject to the vacation leave schedules authorized by the Employer, an employee in Compensation Group 15 may select up to ten (10) vacation leave periods for the period February 16th of one year to February 15th of the following year on the basis of seniority provided that such vacation leave selections are submitted to the Employer no later than February 15th. If two or more employees desire the same leave period(s) during the initial selection of vacation leave periods, the senior employee shall be given preference. A vacation leave period shall be defined as a continuous period of an employee's regular shift. Once initial vacation leave periods are selected, seniority shall not prevail.

Eligible employees, upon retirement, shall have added to their last paycheck their full vacation credit for that calendar year, less any vacation already taken during said year, regardless of whether the employee earned the vacation at the time of retirement, MGO 3.32(6)(e).

HOLIDAY LEAVE

Employees shall be eligible to receive the following paid designated holidays:

- New Year's Day (January 1)
- Martin Luther King, Jr. Day (third Monday in January)
- Memorial Day (last Monday in May)
- Independence Day (July 4)
- Labor Day (first Monday in September)
- Thanksgiving Day (fourth Thursday of November)
- Day after Thanksgiving
- December 25
- For employees in compensation groups 16, 20 and 33 who are regularly scheduled to work a normal shift on Sundays, Easter Sunday shall be designated as a holiday. However, such employees shall forfeit one (1) floating holiday in lieu of Easter Sunday.

Employees must work or be in an approved paid leave status the scheduled workday before and after a holiday in order to receive pay for the holiday.

In the event a designated holiday falls on a Sunday, the Monday immediately following will be treated as the holiday. In the event a designated holiday falls on a Saturday, employees will be given an additional vacation day in lieu of the holiday.

Employees scheduled or assigned to work on an established holiday shall be compensated at the rate of two times the employee's regular rate of pay for the hours worked. In addition, employees who work on a holiday will receive compensatory time for the hours worked on the holiday.

FLOATING HOLIDAY TIME

Employees receive three and one-half (3-1/2) days of floating holiday which can be scheduled and used as vacation time. Floating holidays may not be carried over into another year, unless an employee is hired and starts employment with the City on or after November 1. Any floating holiday time otherwise not used by an employee by December 31 will be forfeited.

PAID LEAVE TIME (EXCLUSIVE OF EMPLOYEES IN COMPENSATION GROUP 15)

The day after Thanksgiving and the whole day or part of the day on December 24 and December 31, where said days fall on a normal Monday-Friday workday, are Paid Leave Days. City facilities, except in those agencies performing essential services, are closed on Paid Leave Days and employees are paid for these days. In the event a City facility remains open, the department head may release employees from duty on that day at the department head's discretion. Employees must work or be in an approved paid leave status the workday before and after a paid leave day in order to receive pay for the paid leave day.

When employees are required to work on a paid leave day, equivalent time off shall be granted at a mutually agreeable time. All time granted under this section shall be at straight time.

When December 24 and 31 fall on either Saturday or Sunday, employees are provided one additional vacation day for each day consistent with the provisions of the MGO Chapter 3.32(9). This vacation day is not applied to an employee's leave balance until the pay period in which these days fall.

Additional provisions relating to paid leave time will be implemented consistent with the terms of the MGO Chapter 3.32(9).

PAID LEAVE TIME (EMPLOYEES IN COMPENSATION GROUP 15)

Employees shall be given one-half day off on December 24 and December 31 of each year of this agreement, provided these days fall on a week day (Monday through Friday). If special circumstances require the employees to work, those persons required to work on these half-days shall be granted one-half day of paid leave at a mutually agreeable time. When December 24 and December 31 fall on either Saturday or Sunday, employees shall be provided a one-half day of paid leave in lieu of the benefits provided herein. Hours earned under this provision will be added to the employee's vacation leave balance. If employees work in excess of 1/2 day (4 hours), an equal amount of vacation time shall be granted at a mutually agreeable time.

On the paid leave day half-days of December 24 and December 31, employees working the 1:30 p.m. - 9:30 p.m. or 2:00 p.m. - 10:00 p.m. or 2:30 p.m. - 10:30 p.m. shifts will have their work schedules adjusted to the hours of 9:30 a.m. - 1:30 p.m. or 10:00 a.m. - 2:00 p.m. or 10:30 a.m. - 2:30 p.m.

Employees who have a scheduled day off or who are on vacation or sick leave on the above specified days are entitled to receive one-half day of vacation at a mutually agreeable time. This provision shall not be operative for December 24 and/or December 31 when those days fall on a Saturday or Sunday.

All paid leave time granted under this section shall be on a straight time basis.

SICK LEAVE

Sick leave may be used for any absence necessitated by an employee's, or an employee's immediate family member's, serious illness or injury. "Immediate family member," for the purposes of using sick leave is defined as follows:

1. Parent or stepparent
2. Husband or wife
3. Child, stepchild, grandchild or foster child
4. Spouse's foster child
5. Brother or sister
6. Grandparent or great-grandparent.
7. Person designated in writing by the employee as a family partner, and that designated family partner's: child, stepchild, grandchild, foster child, parent, stepparent, brother, sister, stepbrother, stepsister, son-in-law, daughter-in-law, grandparent, or great-grandparent
8. Father-in-law, mother-in-law, stepfather-in-law or stepmother-in-law
9. Sister-in-law, brother-in-law, stepsister-in-law or stepbrother-in-law
10. Son-in-law or daughter-in-law
11. Spouse's son-in-law or daughter-in-law
12. Spouse's grandparent or great-grandparent
13. Domestic Partner as provided in Section 39.03(2)(n) and (o) and 39.03(11), Madison General Ordinances

If the City has reason to believe an employee is abusing this benefit, the employee may be required to provide a certificate explaining the necessity for the employee's absence from work, or other documentation substantiating that the absence was for an approved use of sick leave. The certificate shall be signed by a physician, physician's assistant, registered nurse, or child care provider. Failure to provide appropriate documentation may result in a loss of pay for the time absent and discipline. Sick leave abuse is defined as using sick leave when an employee is not ill or injured or otherwise deemed eligible by law or this handbook. Examples of sick leave abuse include using sick leave following denial of vacation, using sick leave to avoid a job assignment, demonstrating a pattern of sick leave use, continually exhausting sick leave balances (unrelated to a major illness), or using sick leave to extend a vacation or other leave time.

Sick leave is earned at the rate of one-half day per biweekly pay period, prorated based on an employee's FTE. Employees must complete six (6) days of compensated service in a pay period in order to earn sick leave during that pay period. Employees earn sick leave immediately upon starting employment with the City. Only employees in their original six (6) months of employment may draw in advance of the amount of sick leave (up to 6 days) which would be accrued within the six (6) months. If the employee's service is terminated prior to the end of this period, the employee shall reimburse the City for any unearned sick leave used.

Employees in Compensation Group 15 may accumulate up to a total of 163 days of sick leave. At the end of each year, any employee with a sick leave balance in excess of 150 days will receive a payout on the pay date of pay period 25 equivalent to the employee's regular salary times the number of excess days.

In the case of employees in Compensation Groups 16, 20, 32 and 33 who have accumulated a sick leave balance in excess of 150 days, the balance from the previous year will remain and 50% of any

newly accrued sick leave days will be paid out and the remaining 50% will be added to the total accrued sick leave time.

Employees who retire or who become disabled and who are also eligible to receive either Social Security benefits, Wisconsin Retirement Fund annuity payments or other publicly established retirement fund annuities shall receive the cash equivalent of 100% of their accumulated unused sick leave credits. If this amount is greater than \$2,000.00, these funds will be placed into the City of Madison Post-Retirement Sick Leave Conversion Medical Reimbursement Plan and Trust, pursuant to the terms of the Plan, or the City of Madison Governmental 401(a) Special Pay Plan and Trust, pursuant to the terms of the Plan.

Employees who are displaced and become unemployed as a direct result of the transfer of a department/division operation to another government entity or due to subcontracting the operation to a private entity will receive the equivalent value of their accumulated unused sick leave not to exceed the value of six (6) months of the employer's normal contribution toward health insurance. These funds will be placed in an escrow account and will be used to continue the City's normal contribution toward health insurance premiums for a period not to exceed six (6) months following the date of layoff. If the employee is recalled or rehired by the City within twenty-four (24) months of the layoff, the accumulated unused sick leave credits not converted to the escrow account for health insurance contributions will be restored to the employee.

FAMILY AND MEDICAL LEAVE

Qualifying employees are entitled to take leave under the Family and Medical Leave Act for a variety of reasons. Reasons include an employee's own serious health condition, the serious health condition of a family member (as defined in the Federal or Wisconsin FMLA), the birth or adoption of a child, and other qualifying reasons. The City recognizes and tracks leave under both the Federal FMLA and the Wisconsin FMLA. APM 2-21 outlines the City's policy with respect to FMLA. Employees using Federal FMLA may be required to substitute other forms of paid leave consistent with the terms of the APM. Instructions and forms for requesting FMLA leave can be found on [EmployeeNet](#).

DEATH IN THE FAMILY OR OTHERWISE LEAVE

Employees shall be allowed three (3) workdays leave with pay in the event of the death of an immediate family member as listed above in the "Sick Leave" section. Such leave must be used within two (2) weeks of the death, memorial service, and/or funeral service which is the basis for the leave. Authorization for exceptions to this requirement can be obtained through the Human Resources Director.

The leave provided under this provision is not to be considered as vacation or holiday leave. It is leave provided for obvious reasons related to the death of a close relative. Employees are urged to exercise good judgment in deciding the amount of time off that is necessary.

In the event of the death of a member of the employee's family, including or other than those set forth in Paragraph one (1) of this section, leave may be granted at the discretion of the department or division head and such leave shall be charged against the compensatory time or vacation balance of the employee. In the absence of compensatory time or vacation balance, the leave may be charged to accrued sick leave. In the event that the employee's compensatory time, vacation, and sick leave

balances are exhausted, the department or division head may authorize up to three (3) days of vacation leave use from the vacation leave to be earned by the employee the following year and which would create a negative vacation leave balance until the end of the year.

DEATH OF FRIENDS

Employees shall be entitled to leave without pay for one (1) day when the memorial service takes place out of town; one-half (1/2) day for an in-town memorial service; such time off may be charged against any paid leave credits due the employee, at the discretion of the employee. In the absence of any paid leave credits, the time off shall be charged as absences without pay.

JURY DUTY LEAVE

All employees who are called for jury service in any court of the State of Wisconsin or of the United States will be entitled to a leave of absence from the City without loss of pay provided the employee reimburses the City for the per diem received for serving as a juror. Serving as a juror will not constitute an interruption of service for the purposes of computing seniority or longevity and an employee will not be charged with any personal leave during the time on jury duty.

ELECTION TIME OFF

State law requires that employees be allowed time off for the purpose of voting on Election Day. Any employee wishing to vote during regular work hours should notify his/her supervisor in advance of the desire to vote on Election Day. Any employee having given notice prior to Election Day may take up to three (3) hours of vacation, compensatory time, personal time, or absence without pay, for the purpose of voting on Election Day. The City, and specifically each individual department/division, reserves the right to designate the time of day in which an employee is released to vote.

MILITARY LEAVE

Employees are entitled to leave to serve as a member of the military consistent with the provisions of APM 2-39 and state and federal law.

LEAVE OF ABSENCE WITHOUT PAY

Department Heads may, in appropriate circumstances, grant employees a leave of absence without pay limited to fifteen (15) working days in accordance with APM 2-31. A leave of absence without pay in excess of fifteen (15) working days may be granted subject to the written approval of the Human Resources Director. Forms for requesting a leave of absence without pay can be found on [EmployeeNet](#).

DISABILITY LEAVE AND LAYOFF

An employee who is injured or otherwise unable to work because of a physical or mental impairment that is not work-related is entitled to a maximum of six (6) months leave of absence without pay subject to the following conditions:

- The employee must not have any available sick leave time.

- The employee must apply for such leave in writing to their department/division head, who will forward such request to the Human Resources Director, or designee, for approval.
- The employee must submit a treating physician's report directly to Human Resources, including a statement regarding the medical reason(s) for the leave and whether or not the employee is able to work.
- In order to return to work, the employee must provide notice and submit to the department/division head a treating physician's release for work.

During the period of disability leave of absence, the City will make its normal contribution toward the employee's health insurance premiums. When medically fit to return from disability leave, the City will restore the employee to her/his original position. Employees can be placed on disability leave status during a covered leave under the Family and Medical Leave Act. In this case, employees do not need to submit additional medical documentation; the City will consider the documentation submitted with the FMLA sufficient for disability leave. Employees are not eligible for holiday pay, paid leave days, or other paid leave accrual during disability leave.

An employee who returns to work from a disability leave must be back at work for at least two (2) months before being eligible for a new six (6) month disability leave. Any paid leave taken during the two (2) month period shall act to extend the two (2) month period on a day for day basis. If the employee requires any amount of unpaid leave during the two (2) months, the two (2) month period will start over from the time s/he returns from unpaid status.

Disability leave may not be used for intermittent leave requests except in the following cases:

- The employee is using leave otherwise covered by FMLA.
- The employee needs time off to attend doctor appointments for a period of time following a return from disability leave.
- The employee is in a "work-hardening" period and working a reduced or intermittent schedule at least half-time for the purpose of returning to regular status.

An employee who returns to work on an intermittent basis will continue to have the hours taken as AWOP counted towards the six (6) months of disability leave. Once an employee reaches six (6) months of AWOP, if the employee is unable to work her/his regular schedule or with permanent restrictions, s/he will be placed on disability layoff until such time as the employee is released to work the regular schedule or with permanent restrictions.

In the event the employee is unable to return to work at the end of the disability leave period, the employee will be placed in a layoff status for a period not to exceed eighteen (18) months. The City will make no health insurance contributions on behalf of the employee during the eighteen (18) month layoff. However, the employee can maintain insurance coverage by paying the entire premium. If an employee is certified to return to work during the layoff period, the employee will be given recall rights. Specific provisions relating to Disability Leave or Layoff will be implemented consistent with the terms of APM 2-45.

This policy applies to all City employees with qualifying medical conditions, which is not limited to, but may include, employees with disabilities as defined by the Americans with Disabilities Act (ADA) or related legislation. An employee's eligibility for disability leave or disability layoff shall in no way infer the existence of a disability as defined by the ADA or related legislation. Information

regarding an employee's eligibility for reasonable workplace accommodations and the City of Madison's compliance with the ADA and related legislation can be found in APM 2-22.

LUNCHES AND BREAKS

Upon expiration of the collective bargaining agreements, provisions regarding the number and duration of lunches and breaks shall continue, in accordance with APM 2-28.

Benefits

The City of Madison offers a number of benefits for employees and family members. These benefits include a pension, health insurance, life insurance, wage insurance, two (2) 457 deferred compensation plans, and a number of other benefits as described below.

ANNUAL RECERTIFICATION OF STAFF

Employees that are certified at less than 1.0 FTE shall be recertified for benefit purposes on at least an annual basis. Library employees in compensation groups 32 and 33, who are less than 1.0 FTE, shall be recertified on a quarterly basis.

PENSION

The City of Madison participates in the Wisconsin Retirement System (WRS) which is administered by the State of Wisconsin, Department of Employee Trust Funds. Employees who have WRS service prior to July 1, 2011 begin participating in the WRS upon date of hire in permanent positions and for limited-term employees working at least twelve (12) months. Permanent and limited-term employees expected to work at least twelve (12) months and hired after July 1, 2011 will begin participating in WRS upon date of hire as long as their positions are certified at .6 FTE or greater (a minimum of 1,200 hours in a 12 month period). Hourly employees become eligible after having worked twelve (12) months and at least 1,200 hours. The City of Madison contributes the required employer portion and employees pay the required employee portion. The employee contribution will be taken with pre-tax dollars. In most cases, upon retirement, employees will receive an annuity, paid monthly.

Permanent employees with WRS service before July 1, 2011 are considered "vested" immediately upon starting with the City. Employees who are new to the WRS and are hired after July 1, 2011, will have to participate in the WRS for at least 5 years in order to be "vested" and receive employer contributions upon reaching age 55. Retirement benefits and eligibility for those benefits are thoroughly discussed on the ETF website (<http://etf.wi.gov>). Employees are encouraged to contact ETF at (608) 266-3285 for questions on their own accounts. Each year (usually in the spring) participating employees receive an annual account statement from WRS.

The minimum retirement age to begin receiving an annuity is 55. However, the normal retirement age is 62 for general employees and employees who retire before age 62 will have an actuarial deduction made on the annuity. If an employee has at least thirty (30) years of creditable service and retires at age 57 or later, there will be no actuarial deduction. Employees who leave the City prior to age 55 and do not secure employment with another WRS employer may have the option of taking a separation benefit. Otherwise, separated employees may leave the money in the WRS until turning

age 55, at which time the separated employee can choose to take a lump sum payout or a monthly annuity.

Retirement benefits are based on the higher of either a formula calculation or money purchase calculation. This ensures that the retirement benefit will never be less than the annuity that can be provided by employee required contributions and accumulated interest plus an equal amount of employer contributions. For a career public employee who retires at the normal retirement age, the intent is that the formula retirement benefit, when added to the employee's Social Security benefit, will produce a total retirement income of between 50% and 85% of pre-retirement gross earnings. The maximum formula retirement benefit limit is 70% of final average earnings for all employment categories except the protective categories.

Contributions to the WRS are automatically placed into the Core Trust Fund for employees. The Core Trust Fund is invested in a combination of bonds, fixed income securities and common stock. However, employees can opt to participate in the Variable Trust Fund. The Variable Trust Fund is a diversified investment portfolio and performance of the Variable Trust Fund is more dependent on the stock market than the Core Trust Fund. There is greater risk associated with the Variable Trust Fund, but also the possibility of a higher return if the stock market performs well. Employees who elect to join the Variable Trust Fund will have 50% of all future contributions (both employer and employee) placed into the Variable Trust Fund. Existing contributions cannot be transferred into the Variable Trust Fund.

New employees can sign up for the Variable Trust Fund within thirty (30) days of beginning employment and contributions to the Variable Trust Fund will start immediately. Otherwise, current employees can sign up for the Variable Trust Fund at any time but contributions will not start until January 1 of the following year. Employees can also choose to cancel Variable Trust Fund participation, but once this is done, the employee will not be allowed to resume contributions into the Variable Trust Fund. If employees choose to withdraw from the Variable Trust Fund, this can stop future contributions only or employees can choose to move their existing balance in the Variable Trust Fund to the Core Trust Fund.

Employees may also make voluntary, after-tax, additional contributions to their WRS account to supplement the regular WRS benefit. These contributions are subject to federal annual contribution limits.

If an employee has previous non-WRS public sector employment at the federal, state, or local level, it may be possible to purchase credit for the years of Other Governmental Service (OGS). Employees must have contributed into the WRS for a minimum of three (3) complete continuous years before purchasing back years of OGS. An employee can purchase up to the number of years the employee has contributed into the WRS, not to exceed the amount of OGS. Employees can pay by submitting a payment, by transferring monies from WRS additional account(s), a plan-to-plan transfer of pre-tax monies from account(s) in other qualified non-WRS retirement plans, or a combination of all three. The non-WRS retirement plans from which ETF can accept plan-to-plan transfers of pre-tax funds to buy OGS include plans qualified under sections 401(a), 401(k), 403(b) and 457(b) of the Internal Revenue Code. The plan(s) must agree to this transfer of funds. **There is no immediate tax liability on the monies transferred from other qualified retirement plan(s) to buy WRS creditable service.**

Please see the Department of Employee Trust Funds website for more details on this benefit: etf.wi.gov.

POST-EMPLOYMENT HEALTH INSURANCE PLAN

For employees in Compensation Group 15: On or about January 1 of each year, the City shall make a contribution to the CG15 retiree health insurance trust fund. The amount will be adjusted by the percent of wage increase of employees in compensation group 15. Barring any wage increases, the City contribution moving forward into 2017 and future years will be \$279,578.80. The City shall be held harmless in the administration of the program, and from making any additional contributions to the health insurance trust fund beyond the amounts stated above.

For employees in Compensation Groups 16, 20, 23, 31, 32, 33 and 83: Beginning with pay period 26 in December 2016, the City shall make a contribution to the City Employees Voluntary Employees Beneficiary Association (CE-VEBA) for employee compensation groups 16, 20, 23, 31, 32, 33 and 83. The amount of the 2016 contribution shall be \$600,207.00 and shall continue annually thereafter in the 26th pay period of each year, and shall be increased every year thereafter, by the same percentage increase applied to the base wages of the employees in these compensation groups. The City Employees Voluntary Employees' Beneficiary Association, through its board, administers the VEBA plan, which provides post-employment healthcare benefits. The City shall be held harmless in the administration of the program, and from making any additional contributions to the health insurance trust fund beyond the amounts stated above. Please direct any questions regarding this benefit to MadisonVEBA@gmail.com.

HEALTH INSURANCE

The City of Madison participates in the Wisconsin Public Employer's Group Health Insurance program. All permanent City employees and employees in limited-term positions funded for at least twelve (12) months have the option to enroll in health insurance upon starting employment with the City. If an employee starts on or before the first Monday of a month, coverage will be effective the first day of the following month. Otherwise, coverage will not be effective until the beginning of the next month after that. New employees are provided enrollment information during orientation and hourly employees upon eligibility. Eligible employees have a thirty (30) calendar day enrollment period to enroll in any of the health plans offered. The annual "It's Your Choice" Health Insurance booklet and printable forms are found on [EmployeeNet](#) or at the City Human Resources Department.

The City shall contribute 88% of the premium based on an average of the HMOs in the Dane County Service Area. Employees will be responsible for any premium costs in excess of this 88% amount, as determined by ETF. Employees who are less than full-time will pay a prorated premium based on their FTE. These premiums are taken from pre-tax dollars in most cases.

The State of Wisconsin has expanded coverage for health insurance to domestic partners and children up to age 26. Employees who seek to add individuals to their health insurance plans, who do not qualify as dependents under the IRS code, such as domestic partners, will incur a tax liability as it relates to the premium payments. This is known as imputed income. The portion of the premium to add the non-IRS qualifying individuals must be treated as income for the employee and is taxed as income. This means State and Federal taxes and FICA are taken out of that portion of the premium. In addition, those portions of the premiums are reported as earnings for the employee at the end of the year.

Each year, in October, employees will have the opportunity to participate in the “It’s Your Choice” Open Enrollment Period. During the “It’s Your Choice” Open Enrollment Period, employees may enroll in health insurance for the upcoming plan year, change carriers, or change from single to family or family to single coverage. The changes made during “It’s Your Choice” are effective January 1st of the following year. Employees enrolled in the health insurance program may also have the opportunity to make changes outside the “It’s Your Choice” period if they have a qualifying event. Employees who experience a qualifying event such as marriage, divorce, or birth/adoption of a child should complete a Health Insurance change form within thirty (30) calendar days of the qualifying event and submit the form to Human Resources.

Employees who elected not to enroll in the Group Health Insurance program when it was initially offered and now want to enroll may not do so unless there is a “qualifying event.” An example of a qualifying event would be loss of other coverage due to divorce from or death of a spouse carrying the coverage. Employees will have a thirty (30) calendar day enrollment period from the date of the qualifying event and must contact the Human Resources Department. If there is no qualifying event and an employee wishes to enroll in coverage, the employee will have to wait until the next annual open enrollment period in October.

A retired employee may, at his/her option, continue to participate in the health insurance programs identified above. In addition, the City will make Medicaid and Medicare Supplement plans available to those employees qualified for Medicaid and/or Medicare; however, premiums for said insurance will be paid by the retiree. If a retired employee elects to discontinue participation in a health maintenance organization (HMO), the employee will not be allowed to re-enroll at a later date.

ETF BENEFITS AND DOMESTIC PARTNERS

The State of Wisconsin has extended coverage of Department of Employee Trust Fund benefits to domestic partners, including WRS retirement accounts and health insurance. Under the State guidelines, a domestic partner is defined as follows:

- Both individuals are at least 18 years old and legally competent;
- Neither individual is married or in a domestic partnership with another person;
- The individuals are not related by blood in any way that would prevent marriage under Wisconsin law;
- The individuals consider themselves to be members of each other’s immediate family;
- The individuals agree to be responsible for each other’s basic living expenses; and
- The individuals share a common residence.

In order for a domestic partner to qualify for benefits administered through the Department of Employee Trust Funds, an affidavit must be filed directly with ETF certifying that the couple is in a domestic partnership according to the criteria listed above. The ETF affidavit can be found on the Department of Employee Trust Funds website: etf.wi.gov. A copy of ETF’s documentation of acceptance of the affidavit should be provided to City of Madison Human Resources.

A domestic partner who is registered through ETF can participate in the City’s health insurance plan, and children of the domestic partner may also be covered. The filing of the affidavit with Employee Trust Funds will be considered a qualifying event and employees will have a thirty (30) day window to add the domestic partner to the health insurance at that time. If the employee fails to add the

domestic partner during this eligibility period, the domestic partner cannot be added until the next “It’s Your Choice” enrollment period.

A domestic partner who is registered through ETF will also be granted rights to the employee’s WRS retirement account similar to a married spouse.

For more detailed information regarding Employee Trust Fund benefits and domestic partners, please refer directly to the ETF website: etf.wi.gov.

LIFE INSURANCE¹

The City of Madison offers optional Group Term Life Insurance to employees who enroll within thirty (30) calendar days of their date of hire with the City. Employees have the option of purchasing coverage up to three times their annual salary. Employees may also purchase up to two (2) units of dependent coverage. Each unit of dependent coverage equates to \$10,000 of coverage on a spouse and \$5,000 for each dependent child to age 21 or age 25 if the dependent child is a full-time student. Coverage begins on the first of the month following thirty (30) days of employment. Employees who fail to enroll in life insurance within their initial thirty (30) calendar enrollment period will later be required to provide evidence of good health (through underwriting) to determine eligibility.

Life insurance premiums are based on an employee’s age and annual earnings. Employees who retire prior to age 65 may continue full coverage by paying the premium. After age 65, the coverage is reduced to the basic amount and prorated so that by age 67, retirees have 25% of the basic coverage remaining and this continues for the rest of the retiree’s life with no cost to them.

INCOME CONTINUATION INSURANCE (WAGE INSURANCE)²

The City of Madison offers optional Disability Income Continuation Insurance. Employees have a 31 calendar day initial enrollment period from date of hire with the City and coverage is effective the employee’s first date of employment. Employees who fail to enroll in the initial enrollment period will be required to go through an underwriting process to determine eligibility. The Income Continuation Insurance benefit covers non-work-related injuries and illnesses preventing the employee from working. The Disability Income Continuation Insurance benefit insures employees up to 65% of the employee’s regular salary less social security, retirement benefits, or benefits received under worker’s compensation. The benefit is taxed according to whether the premium is paid by the employee (not taxed) or by the City (taxed) or by both (taxed according to how much of the premium is employer-paid).

Disability Income Continuation Insurance pays short and long-term benefits. Employees are eligible to receive short-term benefits for a period of up to three (3) years as long as the employee is totally disabled from performing the tasks of the employee’s occupation. Following the three (3) years of short-term benefits, if the employee is totally disabled from all occupations as reported by the employee’s physician, long-term benefits are available until the employee’s normal retirement date, if necessary, and afterward as long as the disability continues. Under this policy, the normal

¹ The Life Insurance and Wage Insurance are administered by The Hartford. As a benefit to all employees, regardless of enrollment in life or wage insurance, The Hartford offers a website, www.hartfordlifeconversations.com. This website can assist employees in estate planning, drafting a will, funeral planning, and provides other services.

² Wage insurance is not a City benefit but it is an individual insurance policy for each employee that participates for income continuation.

retirement date is 65 for employees other than police officers and firefighters. Employees must exhaust all available sick leave before being eligible to receive benefits from the Disability Income Continuation Insurance program.

Disability Income Continuation Insurance premiums are based on a combination of salary and sick leave usage. Employees using less than three (3) days of sick leave during the tracking year will not have to pay any premium for Disability Income Continuation Insurance. Employees using between three (3) and seven (7) days of sick leave will pay a prorated premium amount. Employees with, and who maintain, 100+ accumulated sick days will not have to pay a premium, regardless of the amount of sick leave used in the tracking year.

DENTAL INSURANCE

The City of Madison or the Employee Association offer optional dental insurance. New employees have a thirty (30) calendar day enrollment period from date of hire and coverage is effective the first of the month following thirty (30) days of employment with the City. The City does not contribute towards the premium for this benefit. The insurance plan offers three (3) different levels of benefits, depending on whether people covered by the plan see a preferred dentist, a Premier dentist, or a non-participating provider. Benefit levels are highest when seeing a Preferred dentist and lowest when seeing a non-participating provider.

Employees may sign up for dental insurance upon starting employment with the City or during the annual open enrollment period. Employees enrolling in the dental insurance program are committed to being covered for an entire calendar year. Employees who choose to discontinue dental insurance must fill out a form during the annual open enrollment period indicating they wish to cancel coverage. Failure to do so will result in coverage being extended for another year and the employee will have to pay the premium.

Employees can choose from four levels of coverage: employee, employee/spouse, employee/children, and employee/family. The dental insurance also provides coverage for domestic partners and children up to age 26, similar to the health insurance. However, similar to the health insurance, because the IRS may not recognize these individuals as tax dependents, the relevant portions of the premium may come out of post-tax dollars instead of pre-tax dollars. Employees are not required to file an affidavit to obtain dental insurance for a domestic partner. The monthly premium varies depending on the selected coverage. The dental insurance also includes a discount vision plan. Please see the Delta Dental website for more information and a list of providers in the area, www.deltadentalwi.com.

FLEXIBLE SPENDING ACCOUNTS

The City of Madison offers an optional Flexible Spending Accounts program administered by a Third Party administrator for employees. Employees can place pre-tax dollars in either or both of two separate accounts: Health Flexible Spending Account and Dependent Care Flexible Spending Account. Money in the Health Account can be used to reimburse participating employees for qualifying medical expenses such as prescriptions, dental services, insurance co-pays and deductibles, over-the-counter medicines, and other qualifying expenses. Money in the Dependent Care Account can be used to reimburse participating employees for daycare expenses, pre-school tuition, and other qualifying expenses. Money in the flex spending accounts cannot be used for domestic partner expenses and can only be used on children who qualify as IRS tax dependents.

Funds cannot be transferred from one account to the other. Employees who participate in the flexible spending will automatically have the money deducted from their paycheck and deposited into the respective account by payroll.

Employees sign up for flexible spending on a calendar year basis and must re-enroll annually. Employees must use the amount in their accounts in the calendar year in which the money is placed in the account or within a grace period (approximately 2-1/2 months) of the following calendar year. It otherwise cannot be rolled over from year to year. Money that is unused at the end of the calendar year or the grace period in the next calendar year will be lost. Employees can also sign up for Flexible Spending within the first thirty (30) days of employment and then coverage is effective the first day of employment.

For the Health Account, there is no minimum amount employees can contribute and a maximum of \$2,600 annually. For the Dependent Account, there is also no minimum amount employees can contribute and a maximum of \$2,500 for married individuals filing separately, and a maximum of \$5,000 otherwise.

Employees who incur qualifying expenses may use their benefits card for payment or must submit a Claim form to be reimbursed for the expenses, as well as a receipt documenting the expense. This form can be found on [EmployeeNet](#), at the City Human Resources Department, or on the TASC website (www.tasconline.com).

457(B) DEFERRED COMPENSATION PLANS

The City of Madison offers employees the opportunity to participate in two 457(b) plans. One plan is administered by ICMA-RC and the other by The Capital Group at Lincoln Financial Advisors. Both plans offer a variety of investment options for employees. Employees may enroll in the 457(b) plans at any time during employment with the City. The City does not make matching contributions towards the 457(b) plans.

Enrollment and change forms can be found on [EmployeeNet](#) or at the City Human Resources Department. For more information regarding the 457(b) options, please contact the plans directly.

BUS PASS

Currently the City provides a free Unlimited Ride Pass program on Madison Metro for City employees. Employees must show their City of Madison Identification Card at the City Treasurer's

office to receive their bus pass at no charge. The bus pass allows City employees to ride on Madison Metro anytime for free.

CARS POOL FLEET

The City of Madison encourages employees to carpool or use public transportation to commute to work so that we can be effective caretakers of the environment. To this end, the City makes a pool of City vehicles available at a variety of locations throughout the City. Employees who may be required to travel during the course of the day may check out any available City vehicle for this travel, eliminating the need to use a personal vehicle to commute to work. Employees can use [EmployeeNet](#) to reserve a City vehicle as needed.

EMPLOYEE ASSISTANCE PROGRAM (EAP)

The City of Madison offers a free, confidential, voluntary Employee Assistance Program for employees and their family members. EAP offers 24-hour confidential and professional assistance to employees who may be facing personal situations or problems which may be more than the employee can handle on his/her own. The issues brought up with EAP need not be work-related but may include any of the following, or more:

- Personal or job-related stress.
- Family or relationship problems.
- Financial concerns.
- Alcohol or drug abuse.
- Medical concerns.
- Grief.

EAP will listen to concerns and help individuals explore ways to solve their concerns. In some cases, EAP may refer contacting individuals to appropriate external resources. The City has two EAP Professionals on staff. The City also contracts with an external EAP provider, staffed with mental health professionals, who can provide 24 hour/7 day per week coverage, information, resource referral, problem assessment, and support.

EAP contacts are confidential with limited exceptions. For instance, if information disclosed concerns an unexpected, unusual, or suspicious death; a case of suspected abuse or neglect of a child; a threat to one's own life or the safety of another person; a threat to commit, or report of committing a serious crime; or a threat to public health or safety, the information may be released without authorization of the person contacting EAP to ensure safety.

To contact the City's EAP Office, individuals can call (608) 266-6561. To contact our external EAP, individuals can call (800) 236-7905. EAP Services are available at this number 24 hours a day, 7 days a week.

Departments also have EAP facilitators who can provide additional information regarding EAP services. APM 2-12 provides greater detail regarding the EAP program.

CRITICAL INCIDENT STRESS MANAGEMENT (CISM)

The City of Madison provides Critical Incident Stress Management services for employees who experience events that are outside the range of their usual human experience and would have the potential to be markedly distressing for anyone. For instance, the serious injury or death of a co-worker, suicide or homicide of an employee, a bomb threat or terrorist attack, or incidents, which incur unusual media coverage, could all be considered critical incidents. Employees who are subject to a critical incident may participate in debriefing, while in paid status, to help work through the incident. The participation in debriefing, as well as the contents of the debriefing process, is confidential. APM 2-15 provides greater detail regarding the CISM program.

Appeal Procedures

GRIEVANCE AND ARBITRATION

Employees may file grievances using the following procedure regarding the general interpretation, application, compliance with, or enforcement of City of Madison ordinances §3.32 and §3.54 or this handbook. However, matters covered under the City's Personnel Rules or a valid labor contract shall be subject to the appeals and grievance procedures contained therein, unless otherwise specified.

GRIEVANCE PROCEDURE

Grievances shall proceed in compliance with the time limits and procedures outlined below:

1. Employee representatives may confer with employer representatives on grievances filed pursuant to this section without loss of pay. However, the number of such employee representatives shall be limited to one (1) at Step One and two (2) at Step Two unless another number is mutually agreed upon by the parties.
2. All grievances must be submitted in writing within thirty (30) days of the event giving rise to the grievance, or within thirty (30) days of the time the employee knew, or should have known, about the event giving rise to the grievance with the exercise of reasonable diligence, but in no event more than ninety (90) days from the date of the occurrence; otherwise the right to file a grievance is forfeited and no grievance is deemed to exist.
3. Time limits set forth in the grievance procedure, with the exception of the initial time limit for filing a grievance, shall be exclusive of Saturdays, Sundays and Holidays. Time limits for processing grievances from one step to another in the procedure may be extended by mutual agreement of the parties.
4. All grievances shall be subject to the following procedures.
5. Labor Management Committees shall meet monthly to discuss grievances and matters of concern to either party. The parties shall notify each other of such matters at least one (1) week before the meeting.

The following steps shall apply to all grievances:

Step One:

The grievance shall be reduced to writing and presented to the employee's immediate supervisor on the approved form with a copy sent to the Employee and Labor Relations Manager. Within ten (10) days of receipt of the grievance, the supervisor shall meet with the grievant(s) and the employee's

representative to discuss the grievance. Within five (5) days following the date of this meeting, the supervisor shall furnish the employee with a written answer to the grievance, a copy of which shall be forwarded to the designated employee representative and the Employee and Labor Relations Manager.

Step Two:

The grievance shall be considered settled in Step One unless within five (5) days after the immediate supervisor's written answer is due, the grievance is again reduced to writing and presented to the Department/Division Head with a copy sent to the Employee and Labor Relations Manager. The Department/Division Head, or his/her designee, shall, within 10 days of receipt of the grievance, confer with the employee and employee's representative before making his/her determination. Within five (5) days following the date of this meeting, the Department/Division Head shall furnish the employee with a written answer to the grievance, a copy of which shall be forwarded to the designated employee representative and the Employee and Labor Relations Manager.

Step Three:

If the grievance is not settled at Step Two or if any grievance filed by the City cannot be satisfactorily resolved by conference with appropriate representatives of the employee, the parties may elect to proceed to mediation. If either party objects to mediation, the parties will proceed directly to arbitration.

Mediation

The purpose of mediation is to act as a means for the parties to communicate constructively, with the assistance of the mediator, on the issue(s) being disputed with a goal of resolving the issue using consensus based problem solving. For grievances proceeding to mediation the following procedures apply:

1. Within fifteen (15) days of the receipt of the Department/Division Head's decision at Step Two, any party wishing to pursue the grievance past Step Two can send a written "Request to Initiate Mediation" to the other party.
2. Within ten (10) days of the receipt of the "Request to Initiate Mediation," the City and the employee representative will endeavor to reach mutual agreement on a mediator. The mediator may come from the list of mediators supplied by the Wisconsin Employment Relations Commission or the Federal Mediation and Conciliation Service.
3. If no agreement is reached on a mediator, the parties by lot will select five (5) names from the mediator panel. The parties shall alternately eliminate names until the mediator is selected. The flip of a coin shall determine which party is to eliminate the first name. The parties shall immediately contact the selected person to ascertain the person's availability and willingness to undertake the mediation and shall notify the parties of acceptance. In the event of non-acceptance, the selection process will be repeated until a mediator is selected.
4. Each of the parties shall select their respective representative(s) to attend the mediation. Employee participants may have the grievant and two (2) employee representatives attend the mediation without loss of pay. Representatives must have the necessary authority to settle the grievance.
5. The procedure at the mediation will be determined by the mediator after consultation with the representatives.

6. No later than ten (10) days before the mediation, each party will notify the other party of the name(s) of those people who will appear at mediation, including that party's representative(s) and any other individuals it deems necessary to resolve the dispute.
7. No later than ten (10) days before the mediation, each party will simultaneously exchange with the other party, and send to the mediator:
 - a. A summary of each party's position in the dispute and the relief requested, said summary to be no longer than 10 pages;
 - b. Copies of all documents each party refers to in its summary.
8. To facilitate a successful resolution of the grievance at mediation, all parties agree, and understand, that mediation discussions are for the purpose of reaching a mutually acceptable resolution of the grievance. Accordingly, all parties agree that mediation discussions are confidential and may not be used by any party, in any way, at any subsequent arbitration. Further, all parties understand that they may not call the mediator as a witness in any subsequent arbitration. Notwithstanding the foregoing, nothing shall prevent any party from introducing documents at any subsequent arbitration that were utilized at mediation provided that the documents were not created during the mediation.
9. No formal record or transcript of the mediation will be made.
10. Payment of the mediator's fees and other reasonable expenses will be split equally between the parties to the mediation.

Final and Binding Arbitration

For grievances proceeding to final and binding arbitration, the following procedures apply:

1. Within fifteen (15) days after the close of mediation, if the parties were unable to settle the matter at mediation, any party may file a written notice of the intent to proceed to arbitration with the other party. The notice shall identify the applicable handbook or policy provision, the grievance(s), the Department and the employee involved. If notice is not filed within fifteen (15) days, the matter is deemed settled at Step Two.
2. If the parties cannot agree on an arbitrator, either party may request that the Wisconsin Employment Relations Commission (WERC) or Federal Mediation and Conciliation Service (FMCS) submit a list of five (5) arbitrators to both parties. Within five (5) days of the receipt of the WERC's or FMCS' list, either party may notify the WERC/FMCS, and the other party, of their intent to reject the entire WERC/FMCS list. The WERC/FMCS shall submit a new list which shall not duplicate the original list. The option to reject a list may only be exercised by each party once per grievance.
3. If no agreement is reached on an arbitrator, the parties by lot will select five (5) names from the arbitrator panel. The parties shall alternately eliminate names until the arbitrator is selected. The flip of a coin shall determine which party is to eliminate the first name. The parties shall immediately contact the selected person to ascertain the person's availability and willingness to undertake the arbitration and shall notify the parties of acceptance. In the event of non-acceptance, the selection process will be repeated until an arbitrator is selected.
4. An arbitrator must be picked and the arbitration must be scheduled within six (6) months from the date the last panel was submitted to the parties or the grievance shall be moot. This provision shall not be construed to mean that the arbitration hearing must take place within six (6) months, only that it be scheduled within six (6) months.

Hearing

The hearing shall be held in Madison, Wisconsin at a time and place convenient to the parties at the earliest possible date after the arbitrator has been notified of their selection.

The grievant(s) and not more than two (2) employee representatives may be present at the hearing without loss of regular wages if the hearing is scheduled during their regularly scheduled workday. Not more than five (5) employees called by the employee or employee's representative as witnesses may appear at the hearing without loss of regular wages if the hearing is scheduled during the employees' regularly scheduled workday. Employees who appear as witnesses during their regularly scheduled workday and do not testify at the hearing will not receive their regular wages unless the matter is settled during the course of the hearing.

The arbitrator shall have the authority to administer oaths and to issue subpoenas at the request of the parties and shall be responsible for the fair and orderly conduct of the hearing and the preservation of the record. Any party requesting a subpoena will be responsible for the fees associated with a subpoena. All testimony shall be taken under oath and shall be recorded stenographically or by a recording machine under the supervision and control of the arbitrator. The arbitrator shall take such evidence, as in his/her judgment is appropriate, for the disposition of the issue(s) presented. Statements of position may be made by the parties, documents may be submitted into evidence and witnesses may be called to testify.

The arbitrator shall have the initial authority to determine whether or not the dispute is procedurally arbitrable under this ordinance. If the dispute is procedurally arbitrable, the arbitrator shall proceed with the hearing and determine the merits of the dispute in accordance with this ordinance and the applicable sections of Chapter 788 of the Wisconsin Statutes. If the Wisconsin Statutes and City of Madison Ordinances are in conflict regarding any procedure for arbitration, the Wisconsin Statutes shall control.

In making his/her decision, the arbitrator shall neither add to, detract from, nor modify the language in any ordinance, personnel rule or work rule in arriving at a determination of the issue(s) presented. The arbitrator shall have no authority to change wage rates or salary schedules.

The arbitrator shall only decide the issue(s) submitted by the parties for arbitration and shall have no authority to determine any other issue. The arbitrator shall not submit observations or make declarations of opinion on matters that are not directly essential in reaching a determination of the issue(s) presented.

Fees and expenses for the arbitrator's services shall be borne equally by both parties.

Decision

The arbitrator shall submit his or her decision affirming or reversing the action with his/her reasons in writing to the parties within sixty (60) calendar days of the close of the hearing or the submission of the parties' briefs, whichever is later. No decision may be retroactive for a period greater than thirty (30) days prior to the presentation of the grievance in Step One. The decision of the arbitrator is final and binding without recourse to further appeal.

Employees may appeal matters pertaining to health and safety, discipline and discharge using the procedure outlined in the City Personnel Rules.

- The two (2) individuals share a common residence;
- The two (2) individuals are not nearer of kin to each other than 2nd cousins, including by adoption; and

Work continuing after time off in excess of two (2) hours shall require a three (3) hour minimum. If work resulting in the call does not require a full two (2) or three (3) hours of labor the individual may be assigned other work related to the current event within the same performance space.

Appendix E: Annual “Meet and Confer” Process

The City of Madison (Human Resources Office of Labor Relations) shall meet with employee compensation group representatives on an annual basis for the purpose of addressing any issues, concerns or ideas related to wages, benefits and the Employee Benefits Handbook for Municipal Employees. Initial presentations of matters to be addressed shall be held each spring. From there, the Office of Labor Relations and Employee Representatives will establish a schedule to “meet and confer” in the months of May, June, July and August to discuss the merits of matters of concern with the expectation that matters will be reduced to writing, and presented for the City’s consideration, and possible action, for the upcoming budget year no later than June 15. All “meet and confer” discussions shall be conducted through the Office of Labor Relations, which by Madison General Ordinance represents the Mayor. In situations in which there is not an initial agreement among the parties, both parties will continue to “meet and confer” using interest based problem solving, and may utilize the Federal Mediation and Conciliation Service (FMCS), or another acceptable mediation service, with the hope of reaching a mutually agreeable resolution to be presented to the Mayor by August 15.

If mutual agreement cannot be reached by August 15, Employee Representatives may request that any unresolved matters, which are within the jurisdiction of the CER to hear under §33.10 MGO, be placed on the September agenda of the Committee on Employee Relations (CER) for discussion and possible resolution. During such time, the Office of Labor Relation and the Employee Representatives shall be allowed to present position papers with relevant information/evidence to support their respective stances on unresolved matters. The Office of Labor Relations and the Employee Representative groups will exchange their position papers one week prior to meeting with the CER. Subsequently, the CER will issue a decision on all unresolved matters within its jurisdiction prior to the publication of the Mayor’s final operating budget.
